MAGAZINE

Monisha Crisell, M.D.

Age: 38

Specialty: Urology

Medical Group: Tri-Valley Urology; Southwest Healthcare System

College: Yale University

Medical School: University of New Mexico

Residency: Georgetown University Hospital

Hometown: Albuquerque, New Mexico

Marital Status: Married to Rob Crisell

Children: Soren, 9; Miranda, 5

What attracted you to your specialty?

Urology is a unique surgical specialty in which a physician can help patients with a diverse set of problems, such as cancer, stones, and incontinence.

It's gratifying to me to be able to see immediate improvements in both the quantity and quality of someone's life through surgery or treatment.

What will change in your field in 10 years?

New technologies in prostate obstruction relief are always evolving. Additionally, I believe we will see many new minimally invasive procedures in all areas of urology.

Favorite hobby or charity?

I enjoy playing the piano and violin, and hiking with my family. We are active members of Blessed Teresa of Calcutta Church in Winchester.

Do you have a motto?

"If it ain't broke, don't fix it."
